Hutch Happenings

Thank you to our 5th grade Student Council members for their leadership, especially our Safety Patrol volunteers who support our younger students at arrival and dismissal!

PSYCHOLOGIST NEWSLETTER

Please take the time to review [this month's newsletter](#) from our school psychologist, Mrs. Gelpi. It provides lots of wonderful book recommendations and activities to celebrate our school's ethical habit of the month for January: Tolerance. It also includes important information for families about our school's social emotional learning program, Second Step, taught by our school counselor, Ms. McKinley.

This month's as well as previous newsletters are archived on our [school website](#). Just click on academics and then select social emotional learning from the drop-down menu!
