

K-5 MATH RESOURCES FOR PARENTS

ClassLink is a Single Sign-On application where you can access many of the programs your child uses on a daily basis such as Reveal Math, IXL, First in Math, and Splash Learn. Click [here](#) for a video on how to access ClassLink.

Reveal Math has the Math Replay Videos that can be found in every lesson. These videos are a quick recap of the lesson. Click [here](#) to see how to access these videos.

IXL is a program that provides customized math practice for students. It can identify the areas where students struggle and recommend skills for them to practice to help them improve.

First in Math is a fun, game-based math program. All games can help students enhance their math skills. There is even a Family Link for parents to play along with their kids. Click [here](#) to learn more about the Family Link & using FIM.

Splash Learn is a game-based and curriculum-aligned learning experience for both Math and ELA. There are thousands of different games and activities for the students to choose from. Click [here](#) to learn how students can use Splash Learn at home.

If you have questions about any of these programs, please feel free to reach out to your child's teacher. They will be able to provide you with more information about how they are using each of these programs in their classrooms.
