Current Occupation / Professional Experience:

I am Complex Director at AIG responsible for spearheading litigation for clients nationwide for matters involving catastrophic bodily injury or multi-million-dollar property damage lawsuits.

How many years have you lived in Eastchester? Do you have children who are currently attending or have graduated from Eastchester public schools?

I was born in Eastchester. After 6 years, my parents moved to New Rochelle. I returned to Eastchester in 2007 with my husband. We have two daughters in fourth and second grade, who attend Anne Hutchinson.

Have you been elected to any leadership roles in the school District or in community organizations? What have you learned from these positions?

While I have not been elected to any position, I have served as a class mother to my children's classes. I have also been appointed to serve as pro-bono counsel to low-income families of special needs children to secure appropriate services and accommodations in their school districts. Through my pro-bono work, I have seen the callousness of other school districts and realized how fortunate we are in Eastchester.

What do you see as the role of a School Board trustee?

A School Board trustee has a fiduciary duty to the parents, students, and taxpayers to ensure the best possible educational experience for all students while maintaining fiscal oversight of the school's budget. I also believe that another important part of the trustee's role is its public relations role. A school board trustee serves as a link between schools and the community. A school board

trustee must communicate their actions to the community in order to keep the public informed of the District's progress and challenges.
